Comments

- On the feasibility report, the course number is given as 1103.51, because we thought at the time the report was created we could use the same number as that for the regular individualized course for this distance version. In the end it turned out to be better to create a new course number for the distance version instead. *(by Willging, Jennifer on 01/25/2018 10:28 AM)*

Instructor: Julie Parson

Email address: frenchii@osu.edu

Phone number: 614-292-7060

Office hours: TBD

GE Goals:

Students demonstrate skills in communication across ethnic, cultural, ideological, and national boundaries, and appreciate other cultures and patterns of thought.

GE Expected Learning Outcomes:

1. Students employ communicative skills (e.g. speaking, listening, reading, and/or writing) in a language other than their native language.
2. Students describe and analyze the cultural contexts and manifestations of the peoples who speak the language that they are studying.
3. Students compare and contrast the cultures and communities of the language that they are studying with their own.

Course description

French 1103.61 is an online Individualized Instruction version of the classroom course for French 3. French Individualized Instruction is a self-paced, mastery-based program that is designed to mirror the courses offered in the classroom. Both Individualized Instruction and the classroom track aim to help students achieve a certain level of proficiency. Individualized Instruction differs from the classroom track in the following ways:

French Individualized Instruction is mastery-based: Because of the independent nature of language learning in the program, we require that students perform at the level of 80% or better on each module. If you are not able to score at least an 80% on the exam at the end of the chapter after 3 attempts, we will ask you to drop the course so that you do not receive an E in the course.

French Individualized Instruction offers:

Flexible credit: One complete course is four credits. Unlike the classroom, you can complete four credits in one semester or spread them out over two semesters.

Flexible meeting times: Video appointments via CarmenConnect are available Monday through Friday, with appointment times available in the mornings and in evenings at least two days a week. Appointments are made on [Carmen](#).

One-on-one instruction: You will complete the majority of your learning on your own by completing the work in each unit's learning packet, but you will make appointments with instructors to demonstrate mastery of the material.

Student autonomy: You are in charge of your learning in that you decide how many credits you would like to take in a given term. You schedule appointment times and decide when you are ready to take tests.

Course learning outcomes

By the end of this course, students should successfully be able to:

- engage in brief conversations with native speakers who are sympathetic to the communicative needs of language learners;
- understand brief discussions by native speakers on familiar topics ;
- understand presentations and lectures by the instructor on French and Francophone culture accompanied by clarifications and explanations;
- read and understand short authentic texts such as magazine articles, literary excerpts, and interviews;
- write essays on topics related to readings, class activities or other materials used in class using the grammar and vocabulary you have learned in this course as well as from 1101 and 1102;
- demonstrate a broad understanding of a variety of topics related to French and Francophone culture, society, and history, and be able to compare and contrast them to features of your own culture.

More information can be found on [Carmen](#). Please see the student orientation video and Start Here page.

Consider Majoring or Minor in French

Foreign Language

FRENCH 1103.61

A GE assessment plan explains how the faculty teaching the course will assess the effectiveness of the course in achieving the GE expected learning outcomes over time, rather than how individual student grades will be assessed.

For Foreign Language, complete the following table to show how the faculty will assess the two expected learning outcomes. Then, in an appendix, provide one or more specific example(s) for each assessment method you will use.

<p>GE Expected Learning Outcomes</p>	<p><u>Methods of Assessment</u> <i>*Direct methods are required. Additional indirect methods are encouraged.</i></p>	<p>Level of student achievement expected for the GE ELO. <i>(i.e. define percentage of students achieving a specified score)</i></p>	<p>What is the process that will be used to review the data and propose modifications, if necessary, related to the GE expected learning outcomes?</p>
<p><u>ELO 1</u></p> <p>Students employ communicative skills (e.g. speaking, listening, reading, and/or writing) in a language other than their native language.</p>	<p>DIRECT: Speaking will be assessed via the speaking quiz of the last unit exam. Reading will be assessed via the reading comprehension section of the last unit exam. Writing will be assessed via the writing task of the last unit exam. INDIRECT: Students will complete a survey that will ask them to self-assess their speaking, listening, reading and writing abilities.</p>	<p>DIRECT: Speaking: We expect 80% of sampled students to have a score of 8/10 or higher (Appendix A). Reading: We expect 80% of sampled students to achieve a score of 8/10 or higher (Appendix B). Writing: We expect 80% of sampled students to achieve a score of 12/15 or higher (Appendix C). INDIRECT: We expect 80% of students sampled to respond with either “agree” or “strongly agree” to each question of the survey. (Appendix E)</p>	

<p><u>ELO 2</u></p> <p>Students describe and analyze the cultural contexts and manifestation of the peoples who speak the language that they are studying.</p>	<p>DIRECT: Each unit exam requires students to write a brief culture essay in which they must describe and analyze the contexts and manifestations of people of French-speaking cultures. (Appendix E)</p>	<p>who complete the last unit of the course for each method for each reporting period to see if at least 80% of students sampled are meeting our established criteria for success.</p> <p>Use: We will share results at a faculty meeting. If we find we are not meeting our goals, the language program director will examine the curriculum to see how we can ensure we will in the near future. We may also discuss with other GE language programs to see what they are doing to ensure that they are meeting the EOLs.</p>

***Direct Methods** assess student performance related to the expected learning outcomes. Examples of direct assessments are course-embedded questions; pre/post test; standardized exams; portfolio evaluation; videotape/audiotape of performance; rubric-based evaluation of student work.

***Indirect Methods** assess opinions or thoughts about student knowledge, skills, attitudes, learning experiences, and perceptions. Examples of indirect measures are student surveys about instruction; focus groups; student self-evaluations.

Rubric for <i>Oui, je peux dire!</i>	
<i>Meets Expectations:</i> Student performed task with ease; while some structures may have been non-native, students had excellent command of vocabulary and would be easily understood by a sympathetic native speaker without having to ask for clarification; good fluency and pronunciation for this level. All task requirements met. Content is interesting and well-developed.	9-10
<i>Meets Most Expectations:</i> Student performed task with relative ease; many traces of non-native structures but demonstrated a relatively good command of vocabulary and would still be understood by a sympathetic native speaker with some effort; some minor issues in pronunciation that do not impede comprehensibility. All task requirements met.	8
<i>Meets Some Expectations:</i> Despite some significant issues with fluency, pronunciation, and structural/lexical errors, student is still able to get the main message (but perhaps not all the details) across to a sympathetic native speaker. All task requirements met.	7
<i>Needs Work:</i> Student performed task with great difficulty; nearly or completely incomprehensible; incomplete or information not relevant to the task; poor pronunciation for this level that impedes comprehensibility. Student is unable to apply communicative skills at the level expected for this course.	1-6

Level of student achievement expected for the GE ELO: We expect 80% of sampled students to achieve a score of 8 or higher.

VII. LECTURE (10 pts)

Read the article about a pilot project for immigrants in Quebec and answer the following questions in English. <http://www.tvnouvelles.ca/2016/12/23/dimmigrant-a-apprenti-cuisinier>

D'immigrant à apprenti cuisinier

S'intégrer dans une nouvelle communauté n'est pas si simple pour la majorité des nouveaux arrivants. Alors que des restaurants de Québec ont un besoin criant de main-d'œuvre, plusieurs propriétaires offrent de les aider en participant à un projet-pilote pour devenir un apprenti.

Natif d'Algérie, Camel Boulenaiz était policier avant d'arriver au Canada. Après avoir vécu un divorce dans lequel «il a perdu ses enfants et sa femme», Boulenaiz admet qu'au début «ça n'a pas été facile. J'ai cherché un travail et c'est grâce à l'organisme SOIT (Le Service d'orientation et d'intégration des immigrants au travail) que j'en ai trouvé un», dit-il.

Le SOIT, c'est l'une des organisations responsables de ce projet-pilote, qui vise l'embauche et l'intégration des immigrants. L'objectif, c'est de former de nouveaux arrivants en restauration. Camel n'est pas seul à participer à ce stage rémunéré. Huit autres personnes de différentes nationalités participent au projet-pilote.

«La clientèle issue des migrations a vraiment besoin d'un petit coup de main pour s'intégrer au marché du travail», explique Marjorie Ménard, agente de développement Fierbourg.

Un projet gagnant

La pénurie de main-d'œuvre dans le secteur d'activité a favorisé l'émergence de ce projet. Les chefs n'ont pas hésité à y participer.

«On a vraiment adhéré pour donner une chance aussi. Donner une chance aux gens d'entrer dans le monde du travail, mais aussi de travailler avec les gens d'ici», affirme Arnaud Marchand, chef propriétaire du restaurant *Chez Boulay Bistro Boréal*.

«Ah, vous ne vous trompez pas! C'est très, très difficile à trouver. On fonde de gros espoirs sur ce projet parce que, effectivement, ça va nous permettre, bien, de former Camel pendant quelques mois. Et puis, au

bout de ces quelques mois, s'il se plaît chez nous, on va le garder pour les années à venir», ajoute le chef propriétaire.

1. What is an « apprenti » ? (1 pt)
 2. Where is Camel Boulenaiz from ? What was his profession before coming to Canada ? (2 pts)
 3. What is the purpose of the SOIT organization? (1 pt)
 4. Describe the pilot project described in this article (3 pts)
 5. Who is Arnaud Marchand ? (1 pt)
 6. What are two advantages of this pilot project ? (2 pts)
