Dear David,

This week, the Arts and Humanities 1 Panel of the ASC Curriculum Committee reconsidered your proposal for a new first-year seminar, "The Future: An Introduction to Futures Studies."

I am happy to report that the panel unanimously approved the seminar with one suggestion: namely, to include percentages for each grading component and the total percentage needed to earn an S. This way, students will know how to get an S in the course.

Should you have any questions about the panel review, do not hesitate to contact Janice Aski (faculty Chair of the A&H1 Panel, cc'd here), or me.

Todd Bitters, Director of the First-Year Seminar program, will be in touch with you for all the practical arrangements related to teaching the course.

Congratulations on your new first-year seminar.

My best,
Bernadette

Subject: New First-Year Seminar "The Future: An Introduction to Futures Studies"

Dear Professor Staley,

On Thursday, March 29, the Arts and Humanities 1 Panel of the ASC Curriculum Committee reviewed your proposal for a new first-year seminar, " The Future: An Introduction to Futures Studies."

The Panel did not vote on the proposal but would like the following point addressed first: The syllabus needs to provide a more detailed explanation of assignments/expectations. Furthermore, it is not clear what the grade breakdown is & how grades are assigned.

Should you have any questions about this feedback, do not hesitate to contact Carmen Taleghani-Nikazm (faculty Chair of the A&H1 Panel on 3-29-18, cc'd here), or me.

Please feel free to send a revised syllabus to me, and I will then submit it to the A&H1 Panel for approval.

Best regards,
Bernadette
