Hi Bernadette and Janice,

I approved the Global Citizens courses in the curriculum system last week while I was on vacation. Now that I'm back in the office I'm writing to share the feedback from our committee. Overall, everyone thought it was a strong offering; however, all reviewers raised concerns of the lack of a clear partner for the summer camp offering, what kind of involvement the partner school had in orienting the college students, and what the goals and expectations for the middle school participants are. As you continue to prepare for the courses and camps, hopefully you can have more discussion with your Indianola Middle School partners about these points. Please let us know if you have any questions!

Thanks,
Claire

Thanks, Bernadette. I'll get this out to reviewers. I'll just use one group of reviewers for the whole package/all 3 courses. We give reviewers a 2 week time frame, though sometimes they don't all meet that, but hopefully we can have it approved by the end of the month.

Thanks,
Claire

Dear Ola and Claire,

I have just advanced three new course requests from CLLC to your queue (ad hoc'd to Claire in curriculum.osu.edu). These are Janice Aski's proposed new courses on Global Citizens. They are fully approved by the ASCC Arts and Humanities Panel.

If you could please cc me on the feedback that you will be sending to her/CLLC about these courses, that would be useful.

My best,
Bernadette
