OOPS. I've actually seen Matthew's syllabus for the Harry Potter course. It deals with a completely different topic. So, we're good to go on both fronts!

Thanks!

Anna,

Natascha suggested I send it to you as undergrad studies chair as well. I saw that your dept also has a new fan studies course that covers Harry Potter, etc. I see no conflict that poses a problem, but I'm hoping you agree on that score as well.

Thank you!

Dear Elizabeth,

I've looked over Hugh's course and see no overlap with German 2253. My course covers the topic of magic only tangentially. Moreover, it deals with magic only in Europe and in an early time period, pre-1750. Hugh's looks like a wonderful course!

Thanks!

Anna
