Good morning Bernadette,

I can address the committee's question regarding the decimalized number. Similar to the submission of WGSST 4198.01S, we felt it best to create a decimalized version to allow for future iterations of the course. The thought was that a non-service learning or non-inside out version of the course may be proposed in the future, although there are not plans to do so at this time.

Thank you for sharing the news that the course has been passed on to the Office of Service Learning. We will follow up with them as needed.

Best,
Jackie

Subject: WGSS 3300.01S

Dear Professor Lindsey and Jackie,

On Wednesday, September 19, the Arts and Humanities 2 Panel of the ASC Curriculum Committee reviewed a proposal for new course WGSS 3300.01S.

The proposal was unanimously approved by the Panel with one question: Why has a decimalized number been selected for the course? Is WGSS envisaging a .02 course soon? Thanks for letting us know.

Should you have any questions about this feedback, do not hesitate to contact Carmen Taleghani-Nikazm (faculty Chair of the A&H2 Panel; cc'd here), or me.

We are now advancing the proposal to the Office of Service-Learning. Further communication about the proposed course will come directly from that office.

My best,
Bernadette

Bernadette Vankeerbergen, Ph.D.
