W. Randy Smith
Vice Provost
Office of Academic Affairs
203 Bricker Hall
190 North Oval Mall

Dear Dr. Smith:

I support the proposal by Microbiology Chair Michael Ibba and Vice Chair Jesse Kwiek to terminate the Microbiology-BA program. The decision is supported by the faculty in the department and there are currently no students in the program that would be affected.

Sincerely,

Luis Casian
Divisional Dean, Natural and Mathematical Sciences
College of Arts and Sciences
