---

Jesse and Mike:

The proposal from the Department of Microbiology to terminate the undergraduate program in microbiology leading to the Bachelor of Arts degree, was approved by the Council on Academic Affairs at its meeting on October 10, 2018. The Council is grateful to Jesse for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next **Annual Activities Report** to the University Senate (July 2019).

I will inform the Ohio Department of Higher Education of this action.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor Eric Bielefeld (.6) or me.

Randy

**W. Randy Smith, Ph.D.**

Vice Provost for Academic Programs

Office of Academic Affairs
