Darryl and Bernadette:

The proposal from the College of Arts and Sciences, with the College of Dentistry, to convert the Quarter-calendar Biology program Bachelor of Science/Doctor of Dental Surgery combination curriculum, to the Semester-calendar, and include an option for a similar combination curriculum for the Bachelor of Arts degree, was approved by the Council on Academic Affairs at its meeting on December 5, 2018. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (July 2019).

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor Eric Bielefeld (.6) or me.

Randy

W. Randy Smith, Ph.D.

Vice Provost for Academic Programs
