Dear Stacy,

On Friday, February 15, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee considered requests for SHS 6751-6755.

The Panel unanimously approved all five courses with the following recommendations, and Christina has indicated she would make sure that points 2-5 are implemented before the courses are taught:

- For 6755, ASC Curriculum and Assessment Services will uncheck 8 and 6 weeks before advancing the course. Indeed, this is a 12-week course.
- The cut-off for S/U is different for several of the courses. Request that the grading be consistent.
- Statement on mental health is incorrect for 6752, 6753, 6754, and 6755. It is a re-paste of the disability statement that already appears in the syllabus. Please consult ASC Curriculum and Assessment Operations Manual p. 14 for correct statement:

- For 6752 and 6753, provide 7-week schedules (not 8-week schedules).
- Make sure that assignments are sufficiently explained & all reading clear on all syllabi.

We are advancing the courses to the Graduate School.

Let us know if you have any questions.

My best,
Bernadette
