Dear Professor Patson,

On Friday, February 15, the Social and Behavioral Sciences (SBS) Panel of the ASC Curriculum Committee considered a proposal for a new first-year seminar, "How Our Bodies Shape What We Think and Feel."

The faculty panel unanimously approved the proposal with one contingency, namely: Request to use updated statement for "Students with Disabilities" with current address of ODS: see p. 14 of ASC Curriculum and Assessment Operations Manual

Should you have any questions about this feedback, do not hesitate to contact Christina Roup (faculty Chair of the SBS Panel; cc'd here), or me.

Please feel free to send a revised syllabus to me, and I will then submit it to Christina Roup for final review and approval.

Best regards,  
Bernadette
