Dear Nikole,

Christina Roup has reviewed the revised syllabus, and she has approved all the changes. Your first-year seminar can be offered this Autumn.

I am cc'ing Todd Bitters, who administers the First-Year Seminar program. He will be in touch with you for all the practical arrangements related to teaching the course in the Fall.

Congratulations on your new first-year seminar.

My best,  
Bernadette

**Subject:** New First-Year Seminar - How Our Bodies Shape What We Think and Feel

Dear Professor Patson,

On Friday, February 15, the Social and Behavioral Sciences (SBS) Panel of the ASC Curriculum Committee considered a proposal for a new first-year seminar, "How Our Bodies Shape What We Think and Feel."

The faculty panel unanimously approved the proposal with one contingency, namely: Request to use updated statement for "Students with Disabilities" with current address of ODS: see p. 14 of ASC Curriculum and Assessment Operations Manual

[https://ascas.osu.edu/sites/ascas.osu.edu/files/ASC\\_Curriculum\\_and\\_Assessment\\_Operations\\_Manual\\_2018-19.pdf](https://ascas.osu.edu/sites/ascas.osu.edu/files/ASC_Curriculum_and_Assessment_Operations_Manual_2018-19.pdf)

Should you have any questions about this feedback, do not hesitate to contact Christina Roup (faculty Chair of the SBS Panel; cc'd here), or me.

Please feel free to send a revised syllabus to me, and I will then submit it to Christina Roup for final review and approval.

Best regards,  
Bernadette
