Date: Monday, September 9, 2019 6:02:00 PM

Dear Professor Hamilton,

On Monday, August 26, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a course change proposal for EEOB 4430.

The Panel unanimously approved the request with one contingency:

- Curriculum.osu.edu and the curriculum map indicate this course can be offered as a variable credit course (either 1 or 2 credit hours). Given the change in course content, does the department intend to offer the course as a 1 credit offering? If not, this course should be adjusted from a variable credit course to a fixed 2 credit course.

I will return EEOB 4430 to the department queue via curriculum.osu.edu in order to address the Panel's requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Harald Vaessin (faculty Chair of the NMS Panel; cc'd on this e-mail), or me.

Best wishes,
Shelby
