---

Wendy and Matt:

The proposal from the School of Earth Sciences to revise its undergraduate major program, leading to the Bachelor of Science degree, was approved by the Council on Academic Affairs at its meeting on December 4, 2019. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (July 2020).

The Office of the University Registrar will contact you to provide information on the implementation of your proposal.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Co-Chair of the Council, Professor Jennifer Higginbotham (.37) or me.

Randy

**W. Randy Smith, Ph.D.**
