Dear Stacy,

On Friday, September 13, the Social and Behavioral Sciences Panel of the ASCC reviewed a proposal to create new course Speech and Hearing Science 6771.

The Panel unanimously approved the request with one recommendation: When creating the student version of the syllabus, list that a laptop is required for class due to the participation requirement at the end of class.

The course will now be advanced to the Graduate School and OAA.

Should you have any questions about the feedback of the panel, do not hesitate to contact Susan Kline, faculty Chair of the SBS Panel (cc'd here), or me.

Best,
Bernadette
