Wendy:

The proposal from the School of Earth Sciences to establish a Certificate in Natural History Museum Curation, Categories 1, 2 and 3 – embedded undergraduate, post-bachelor undergraduate and graduate certificate (embedded and stand-alone) was approved by the Council on Academic Affairs at its meeting on June 1, 2020. Thank you for attending the meeting to respond to questions/comments.

No additional level of review approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (July 2020).

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Co-Chair of the Council, Professor Jennifer Higginbotham (.37) or me.

Randy

W. Randy Smith
