Subject: Actuarial Science BA and BS Revision
Date: Thursday, October 17, 2019 9:40:00 AM

Dear Professor Husen,

On Monday, October 7, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a proposal to revise the BA and BS in Actuarial Science.

I am happy to report that proposal was unanimously approved with the following contingency and recommendations:

- Contingency: Include a four-year plan for the BA
- Recommendation: Correct a typo on the summary sheet. The course number is English 3304, not 3340.
- Recommendation: With the new required courses in the major, students will only need two additional courses to receive a minor in Professional Writing. The department may want to advise students of this opportunity.

Please send the revised copy of the proposal to me or Bernadette Vankeerbergen (cc'd here).

Should you have any questions about the feedback above, do not hesitate to contact Harald Vaessin (cc'd here), faculty Chair of the Natural and Mathematical Sciences Panel, or me.

My best,
Shelby
