Dear Professor Rappleve,

Last week, the NMS Panel of the ASC Curriculum Committee reviewed a request to create new course Microbiology 8161. The feedback on the proposed new course was overwhelmingly positive & the Panel unanimously voted to approve the course.

The course will now be advanced to the Graduate School.

Should you have any questions about the NMS Panel vote, do not hesitate to contact Harald Vaessin (cc'd here), faculty Chair of the NMS Panel, or me.

All best wishes,
Bernadette
