Dear Glenn, Janice, and Tia,

This week, the Arts and Humanities 2 Panel of the ASC Curriculum Committee e-voted on a request to change CLLC 2301.01S + 2301.02S & 2302S to 3000-level (upper-level) courses.

The Panel unanimously approved the request with the following contingency:

The rationale for the course number change indicates that, "Most language programs do not allow 2000-level courses to count for their major and we would like the departments to permit this course to count toward majors." Furthermore, in the Q & A document, there is a statement that "SPPO and IS both said that they can't count the course because it is a 2000-level course. I am raising the level so that they will consider counting it as an elective in their majors/minors. They have both demonstrated interest in doing so." Please provide written assurances from foreign language units (especially SPPO, but also other units if applicable) that they are supportive of the course level change. Also, please include a letter of support from International Studies. Documented support from the Director of CLLC would also be useful. Reaching out to those units and providing letters of support will help to get the word out and build awareness for the success of this curricular opportunity in a proactive way.

I will return all three course requests via curriculum.osu.edu in a minute to enable CLLC to address the contingency above.

If you have any questions, I encourage you to talk to Luke Wilson, faculty Chair of the Arts and Humanities 2 Panel (cc'd here).

My best,  
Bernadette
