---

Chris and Srini:

The proposal from the College of Arts and Sciences to revise the Biomedical Informatics Specialization in the Data Analytics Major, Bachelor of Science degree, was approved by the Council on Academic Affairs at its meeting on April 15, 2020. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report (July 2020).

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Co-Chair of the Council, Professor Jennifer Higginbotham (.37) or me.

It was good to see both you again!

Randy
