---

Dear Professor Kwiek,

On Monday, February 10, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a new course proposal for Microbiology 2100.

The Panel unanimously approved the request with one recommendation:

- Consider adding Chemistry 1610 as an equivalent to Chemistry 1110 and 1210 in the prerequisites.

Please let me know whether or not you would like me to adjust the prerequisite before moving the course forward to the next step in the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Harald Vaessin (faculty Chair of the NMS Panel; cc'd on this e-mail), or me.

Best wishes,  
Shelby
