Dear Professor Thomas,

On Monday, February 10, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a new course proposal for Chemistry 7310.

The Panel unanimously approved the request with one recommendation:

- Use the Disability Statement provided on page 14 of the Curriculum and Assessment Operations Manual (https://asccas.osu.edu/sites/asccas.osu.edu/files/ASC_Curriculum_and_Assessment_Operations_Manual.pdf):
 - The University strives to make all learning experiences as accessible as possible. If you anticipate or experience academic barriers based on your disability (including mental health, chronic or temporary medical conditions), please let me know immediately so that we can privately discuss options. To establish reasonable accommodations, I may request that you register with Student Life Disability Services. After registration, make arrangements with me as soon as possible to discuss your accommodations so that they may be implemented in a timely fashion. SLDS contact information: slds@osu.edu; 614-292-3307; slds.osu.edu; 098 Baker Hall, 113 W. 12th Avenue.

Chemistry 7310 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Harald Vaessin (faculty Chair of the NMS Panel; cc'd on this e-mail), or me.

Best wishes,
Shelby

Shelby Oldroyd
