Dear Jan, Patrick, and Eva,

On Monday of this week, the Arts and Humanities 2 Panel of the ASC Curriculum Committee reviewed two new Music courses: 4588 and 5604.

I am pleased to report that the panel unanimously approved the courses with a few comments:

- Music 4588: The form in curriculum.osu.edu indicates that the prerequisite is “Music Theory IV.” However, the Registrar’s Office needs a course number for the prerequisite (all the more since the prereq will be electronically enforced). *Could you please let me know whether it is Music 3422 that you have in mind? I will keep the course in my queue until I hear back from you.*
- Music 5604:
  - The subsidy level for this course as filled out by the School of Music was master’s. The panel noted that it should be doctoral and I have already made that change for you on the form.
  - The grading scale on p. 2 of the syllabus includes a typo: C- is said to correspond to 70-82%. It should say 70-72%.
  - The disability statement included on p. 6 of the syllabus is outdated. SLDS has been using an updated statement with their new location in Baker Hall for a number of years now. It can be consulted here (point # 16) <https://ascas.osu.edu/curriculum/syllabus-elements>

Music 5604 has been advanced to the Graduate School. As for 4588, as I indicated above I will wait to hear back from you about the prerequisite before advancing the course.

Should you have any questions, please do not hesitate to contact Luke Wilson, faculty Chair of the Arts and Humanities 2 Panel (cc’d here), or me.

Many thanks,  
Bernadette
