Reanne and Corrine:

The proposal to revise the Graduate Interdisciplinary Specialization (GIS) in Demography was approved by the Council on Academic Affairs at its meeting on November 4, 2020. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (July 2021).

Please keep a copy of this message for our file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor Kevin Evans (Kevin.Evans@osumc.edu) or me.
