---

Good morning,

On Monday, October 12, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed a course change proposal for ASC 2120.

The Panel did not vote on the proposal as they would like the following points addressed:

- There is not enough information provided on assignments, especially for a course that is geared toward first- and second-year undergraduates. Include more detail on the assignments (e.g. what are the expectations, how will they be graded, etc.). One or two sentences should be sufficient for the syllabus.
- It is unclear if there are readings. There is a textbook mentioned, but there aren't any readings included in the course schedule.
- There is no OSU standard grading scale.

I will return ASC 2120 to the initiator queue via [curriculum.osu.edu](http://curriculum.osu.edu) in order to address the Panel's requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Susan Kline (faculty Chair of the SBS Panel; cc'd on this e-mail), or me.

Best wishes,  
Shelby
