---

Hi Shari and Lauren,

Here is a summary of the comments that the A&H2 Panel had when it approved Art Education 3690 the other day. Shari, since you participated in the vote, I know you saw the points below, but this email may be useful to keep for your records or to conveniently forward to the instructor.

- P. 3: Outdated disability services statement. Use the statement that was updated back in 2016: <https://slds.osu.edu/articles/updated-syllabus-statement-for-disability-accommodations/>
- P. 5: Grading scale: B- should be 80% to 82%.
- P. 5: Schedule:
  - When course is taught, weekly schedule will not be helpful to students. Please include individual days. This will clarify when readings and other assignments are due.
  - It appears that chapters from each book are assigned. Adding a page range would be useful.
  - If course is taught this Spring, remove Spring Break. (It is not clear: the syllabus is for SP21 but the form in curriculum.osu.edu indicates an effective term of AU21.)
- Curriculum map submitted has not been updated to provide information on where the course fits and at what level it will fulfill the major goal(s). If the new course is included with the “Course 6” electives, under Goal 4 “beginner” should be removed and “intermediate” kept since this an advanced study. However, the panel really cannot know any of this without an updated map.

The course has been advanced to the next step.

Let us know if you have any questions.

Thanks,  
Bernadette
