---

Dear Professor Harnish,

On Monday, October 12, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed a new course proposal for Speech and Hearing Science 5860.

The Panel unanimously approved the request with two contingencies and one recommendation:

- Contingency: There should be a brief description of each type of assignment. This could be done by including a one or two sentence description for each type of assignment under the table on page 5 of the syllabus.
- Contingency: Include statements for academic integrity with respect to each assignment. Being specific about academic misconduct is essential for online courses. It should be clear what the expectations are for each assignment with regards to collaboration, using online information, etc. The expectations may differ by assignment.
- Recommendation: Include the cross-listed course number in the curriculum.osu.edu form.

I will return Speech and Hearing Science 5860 to the department queue via curriculum.osu.edu in order to address the Panel's requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Susan Kline (faculty Chair of the SBS Panel; cc'd on this e-mail), or me.

Best wishes,  
Shelby
