Dear Brad and Logan,

Recently the Arts and Humanities Panel 2 of the ASC Curriculum Committee (ASCC) considered a proposal to create a new undergraduate minor in Entertainment Design and Technology.

The Panel unanimously approved the proposal with one comment, namely that it might be a good idea to develop three or four program learning goals. (Right now the form in curriculum.osu.edu only has one goal.)

The minor will next be reviewed by the full ASCC. As you know, the first ASCC meeting of Spring semester will be on January 22. Brad, will you be at the meeting to answer possible questions from the other committee members?

Let us know if you have any questions.

All best wishes,
Bernadette
