Good morning,

On Thursday, February 18th, 2021, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed proposals for Speech and Hearing Science 6466, 6762, and 8936. Please find below the Panel's feedback for these courses:

- Speech and Hearing Science 6466 (new course) approved with two recommendations:
 - **Recommendation:** The Panel suggests adding assignment deadlines directly to the course schedule found on pages 3 and 4 of the syllabus.
 - **Recommendation:** The Panel recommends asking for a Doctoral Subsidy instead of Master's Subsidy on the curriculum.osu.edu form.
- Speech and Hearing Science 6762 was approved.
- Speech and Hearing Science 8936 was not voted on as the Panel would like the following feedback addressed:
 - The Panel would like to see the required readings on the course syllabus.
 - On the curriculum.osu.edu form, the "off-campus" box is checked. This box being checked indicates that the course requires students to be participating in off-campus activities, such as work within the community. The Panel did not feel as if this was represented within the syllabus and would like further clarification on this option.
 - The Panel would like to see more content and what the expected activity level is from students. This can take the form of contact hours, course assignments, course readings/viewings, lecture expectations (asynchronous vs. synchronous), etc.

I will return Speech and Hearing Science 8936 to the department queue via curriculum.osu.edu in order to address the Panel's requests while Speech and Hearing Science 6466 and 6762 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Susan Kline (faculty Chair of the SBS Panel; cc'd on this e-mail), or me.

Best,
Michael
