---

Good afternoon,

On Monday, May 3, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a new course proposal for Physics 5680.

The Panel unanimously approved the request with one recommendation:

- Remove boilerplate DL template language that is not relevant to in-person courses (e.g., language pertaining to writing style in discussion posts on page 11).

Physics 5680 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Wendy Panero (faculty Chair of the NMS Panel; cc'd on this e-mail), or me.

Best wishes,  
Shelby
