---

Good afternoon,

On Wednesday, April 7<sup>th</sup>, the Arts and Humanities 1 Panel of the ASC Curriculum Committee reviewed a new course proposal for Pharmacy 2420.

The Panel unanimously approved the request with three contingencies and one recommendation:

- **Contingency:** The Panel asks that the information pertaining to how the course satisfies the GE Goals and ELOs, which is found on the GE Rationale submitted, be incorporated into the course syllabus.
- **Contingency:** On page 3 of the syllabus, the syllabus mentions that there are two exams for the course, but on page 4 under the grading breakdown the syllabus mentions there are three exams. The Panel requests that the number of exams be clarified.
- **Contingency:** The panel asks that you request concurrence from the Department of Molecular Genetics with whom this course may have some disciplinary overlap.
- **Recommendation:** The Panel recommends including meeting dates/times to help determine the amount of contact hours for the course.

I will return Pharmacy 2420 to the department queue via curriculum.osu.edu in order to address the Panel's requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Brad Steinmetz (faculty Chair of the A&H1 Panel; cc'd on this e-mail), or me.

Best,  
Michael
