Good afternoon,

On Wednesday, April 7th, the Arts and Humanities 1 Panel of the ASC Curriculum Committee reviewed a new course proposal for Slavic 3333.99.

The Panel unanimously approved the request with three recommendations:

- **Recommendation:** The Panel recommends using the correct GE ELO language, as currently on page 2 of the syllabus it is combined with the course ELOs. The correct GE ELO and Goal language can be found on the ASC Curriculum and Assessment Services website at <https://ascas.osu.edu/curriculum/general-education-goals-and-expected-learning-outcomes>.
- **Recommendation:** The Panel asks that the feedback that Ian Anderson from ASCTech services provided on the Tech Checklist be implemented into the syllabus.
- **Recommendation:** The Panel suggests adding the .99 decimalization on the course syllabus.

Slavic 3333.99 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Brad Steinmetz (faculty Chair of the A&H1 Panel; cc'd on this e-mail), or me.

Best,
Michael
