Good morning,

On Friday, February 25th, the Themes Panel of the ASC Curriculum Committee reviewed a GE Theme: Lived Environments proposal for EDUTL 3101. Please see the Panel's feedback below:

EDUTL 3101 was approved with one contingency and two recommendations. As a reminder, the Panel's contingencies must be satisfied in a revision in order to move forward in the approval process while the Panel's recommendations may be implemented when the course is next taught.

- **Contingency:** The reviewing faculty request that the course proposal reflect the correct number of contact hours for a three-credit course, as the calendar currently only lists one meeting a week that does not equal a minimum of three contact hours as required for a three-credit hour course. Additionally, they ask that a brief cover letter be provided that explains the change made.
- **Recommendation:** The reviewing faculty recommend including a definition of what "play" is within the course.
- **Recommendation:** The reviewing faculty recommend carefully reviewing the submitted course proposal for typos and remove text that relates to distance learning courses.

I will return EDUTL 3101 to the departmental queue via curriculum.osu.edu in order to address the Panel's feedback.

Should you have any questions, please do not hesitate to reach out to Jim Fredal, faculty Chair of the Themes Panel, Liz Griffith, faculty Chair of the Theme Advisory Group: Lived Environments, or myself.

Best,
Michael

Michael Hilty
