Good afternoon,

On Wednesday, September 15th, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a new course proposal for Mathematics 3307 and a course change proposal for Mathematics 5631. Please find below the Panel's feedback for these courses.

- Mathematics 3307 (new course) unanimously approved with four recommendations:
 - **Recommendation:** The Panel suggests adding further information about where MatLab can be accessed within the syllabus to assist in student clarity.
 - **Recommendation:** The Panel would like to kindly ask if the Department has considered adding Mathematics 1131 to the list of prereqs to the course, as they believe this course could potentially attract students from the Fisher College of Business.
 - **Recommendation:** On page 2 of the syllabus, under Course Grade, the syllabus mentions grading on the OSU standard gradings scale. Ohio State does not have a standardized grading scale. The Panel requests that this language be removed.
 - **Recommendation:** On page 4 of the syllabus, under the Title IX section, the syllabus mentions Kellie Brennan as the Title IX Coordinator. Kellie Brennan is no longer the Title IX Coordinator, and so the Panel kindly requests her name be removed. The most up-to-date language surrounding Title IX can be found on the ASC Curriculum and Assessment Services website at: <https://asccas.osu.edu/curriculum/syllabus-elements>.
- Mathematics 5631 (course change) unanimously approved.

Mathematics 3307 and 5631 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Wendy Panero (faculty Chair of the NMS Panel; cc'd on this e-mail), or me.

Best,
Michael
