---

Good afternoon,

On Wednesday, September 8<sup>th</sup>, the Arts and Humanities 1 Panel of the ASC Curriculum Committee reviewed new and distance course proposals for German 1001.01, 1001.02 and 1001.03.

The Panel unanimously approved the requests with two contingencies and one recommendation:

- **Contingency:** Per University regulation, courses numbered 1000-1099 are for remedial, non-credit courses. Therefore, the Panel asks that this is renumbered in order to be graded on a Letter Grade basis and award credit for successful completion of the course.
- **Contingency:** The Panel kindly requests that assignment deadlines are added to the course calendar, as found on page 10 of the syllabi.
- **Recommendation:** Form in curriculum.osu.edu: No exclusions are specified for this course. The Panel questions whether exclusions could be appropriate for this course (for example, if it were not available to German majors/minors) and brings the question to the Department's attention for consideration.

I will return German 1001.01, 1001.02 and 1001.03 to the department queue via curriculum.osu.edu in order to address the Panel's requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Brad Steinmetz (faculty Chair of the A&H1 Panel; cc'd on this e-mail), or me.

Best,  
Michael
