CAMPUS

Dear Randy,

On behalf of the College of Arts and Sciences, I am pleased to support the proposed new undergraduate certificate in History of Capitalism (category 1b). This new interdisciplinary program is the result of a collaboration between the Department of History and the Department of Economics. Students will take half their course work in History and the other half in Economics, and they will have the possibility to explore a number of themes. The certificate is expected to appeal to students across the College of Arts and Sciences as well as other colleges, most notably the Fisher College of Business.

Sincerely,

Bernadette Vankeerbergen
