HOW THIS ONLINE COURSE WORKS

Mode of delivery: This course is 100% online (synchronous). In addition to out-of-class responsibilities, you are required to log in during scheduled class meeting times.

Pace of online activities: This course is divided into **weekly schedule**. Students are expected to keep pace with weekly deadlines but may schedule their efforts freely within that time frame.

Credit hours and work expectations: This is a **1-credit-hour course**. According to Ohio State policy (go.osu.edu/credithours), students should expect around 1 hour per week of time spent on direct instruction (instructor content and Carmen activities, for example) in addition to 2 hours of homework (reading and assignment preparation, for example) to receive a grade of “S.”

Attendance and participation requirements:

Because this is an online course, your attendance is based on your online activity and participation. As with all university courses, class attendance is not optional; it is expected. The following is a summary of students' expected participation:

- **Participating in online activities for attendance:**
You are expected to log in to the course in Carmen every week. (During most weeks you will probably log in many times.) If you have a situation that might cause you to miss a class, discuss it with me as soon as possible. Excused absences include illnesses for which you have a doctor's note or other documented extenuating circumstances.
- **Live weekly class sessions:**
Participation in all live weekly class sessions is required.

See course schedule below for due dates.

Descriptions of major course assignments

Note: this course does not involve “group work.” All assignments must be your own.

First Year Success Series Events

You will attend two events of your choice on issues important to student success. For each Success Series event, you will write a one-page reflection paper. Plan on completing the assignment early in the semester so that you will have plenty of time to take advantage of what you learn and because popular sessions fill up quickly. The First Year Experience (FYE) Web Address to sign up for the sessions is: <http://fye.osu.edu/>. Note that in order to earn credit for your participation in an FYE event, you must stay for the duration of the session.

Additional Event

For your third event, you will have the option of attending another Success Series event or selecting an approved alternative. Your instructor will provide you with a list of examples. For the third event, you will write a one-page reflection paper.

Carmen Readings/Quizzes

There are five Carmen readings: Academic Misconduct & Plagiarism; The General Education (GE) Requirements; Scheduling; Grades & Academic Standing; and Adding & Dropping Classes: Deadlines & Procedures. Each reading includes a five-point quiz. For each topic, you will be asked to read the assigned information and take the quiz. The assigned weekly Carmen readings correspond with the assigned readings on <https://go.osu.edu/ascadvising>.

Degree Audit Report (DARS) and Advising Report

For this assignment, print off a copy of your Degree Audit Report (DARS) and your Advising Report—important degree-planning tools—and submit them to the dropbox in Carmen. Go to buckeyelink.osu.edu, select the “Grades and Advising” tab, and click on “Degree Audit Report” and “Advising Report.” Follow the prompts.

Curriculum Plan

Using the Bachelor’s degree requirement worksheets, available on Carmen, you will map out the courses you plan to take to complete the GE, your major(s), and other degree requirements. As part of the assignment, you will meet with your advisor(s) to review GE, major, and degree requirements, and you will meet with your instructor/academic advisor to review your plan. Your instructor will provide you with instructions on setting up an appointment to meet with your instructor/academic advisor.

Schedule Projection

Using your curriculum plan as a guide, you will project your schedule for upcoming semesters. You will be required to complete at least the first four semesters of the plan. You will review your plan with your instructor/academic advisor. The Schedule Projection can be found on Carmen.

Career Assignment

You will complete an assignment to be determined.

Library Assignment

You will complete an assignment to be determined.

Instructor feedback and response time

I am providing the following list to give you an idea of my intended availability throughout the course. (Remember that you can call **614-688-4357(HELP)** at any time if you have a technical problem.)

- **Grading and feedback:** For large weekly assignments, you can generally expect feedback within **7 days**.
- **Email:** I will reply to emails within **24 hours on days when class is in session at the university**.
- **Discussion board:** I will check and reply to messages in the discussion boards every **24 hours on school days**.

OTHER COURSE POLICIES

Discussion and communication guidelines

The following are my expectations for how we should communicate as a class. Above all, please remember to be respectful and thoughtful.

- **Writing style:** While there is no need to participate in class discussions as if you were writing a research paper, you should remember to write using good grammar, spelling, and punctuation. A more conversational tone is fine for non-academic topics.
- **Tone and civility:** Let's maintain a supportive learning community where everyone feels safe and where people can disagree amicably. Remember that sarcasm doesn't always come across online.
- **Citing your sources:** When we have academic discussions, please cite your sources to back up what you say. For the textbook or other course materials, list at least the title and page numbers. For online sources, include a link.
- **Backing up your work:** Consider composing your academic posts in a word processor, where you can save your work, and then copying into the Carmen discussion.

Academic integrity policy

See **Descriptions of major course assignments**, above, for my specific guidelines about collaboration and academic integrity in the context of this online class.

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term “academic misconduct” includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee (Faculty Rule 3335-5-487). For additional information, see the Code of Student Conduct <http://studentlife.osu.edu/csc/>.

If I suspect that a student has committed academic misconduct in this course, I am obligated by university rules to report my suspicions to the Committee on Academic Misconduct. If COAM determines that you have violated the university’s *Code of Student Conduct* (i.e., committed academic misconduct), the sanctions for the misconduct could include a failing grade in this course and suspension or dismissal from the university. If you have any questions about the above policy or what constitutes academic misconduct in this course, please contact me.

Other sources of information on academic misconduct (integrity) to which you can refer include:

- Committee on Academic Misconduct web page (go.osu.edu/coam)
- Ten Suggestions for Preserving Academic Integrity (go.osu.edu/ten-suggestions)

Statement on Plagiarism

Plagiarism is the act of stealing the ideas and/or the expression of another and representing them as your own. It is a form of cheating and a kind of academic misconduct, which can incur severe penalties. It is important, therefore, that you understand what it consists of, so that you will not unwittingly jeopardize your college career. Plagiarism includes, but is not limited to: word-for-word copying of someone else's work, in whole or in part, without acknowledgment, whether that work be a magazine article, a portion of a book, a newspaper piece, another student's essay, or any other composition not your own without proper citation. Changing a few words of another's composition, omitting a few sentences, or changing their order does not constitute original composition. If you have any doubts about the originality of a paper/assignment you have written, see your instructor before you turn it in (*Colleges of the Arts and Sciences Degree Planning Manual 2006-7*, pp. 34-35).

Student Services and Advising

Copyright law must be considered before copying, retaining, or disseminating materials outside of the course.

Statement on Title IX

Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories (e.g., race). If you or someone you know has been sexually harassed or assaulted, you may find the appropriate resources at <http://titleix.osu.edu> or by contacting the Ohio State Title IX Coordinator at titleix@osu.edu

Commitment to a diverse and inclusive learning environment

The Ohio State University affirms the importance and value of diversity in the student body. Our programs and curricula reflect our multicultural society and global economy and seek to provide opportunities for students to learn more about persons who are different from them. We are committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters sensitivity, understanding, and mutual respect among each member of our community; and encourages each individual to strive to reach his or her own potential. Discrimination against any individual based upon protected status, which is defined as age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status, is prohibited.

Your mental health

As a student you may experience a range of issues that can cause barriers to learn, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. No matter where you are engaged in distance learning, The Ohio State University's Student Life Counseling and Consultation Service (CCS) is here to support you. If you find yourself feeling isolated, anxious or overwhelmed, on-demand resources are available at go.osu.edu/ccsondemand. You can reach an on-call counselor when CCS is closed at 614-292-5766, and 24-hour emergency help is also available through the 24/7 National Prevention Hotline at 1-800-273-TALK or at suicidepreventionlifeline.org. The Ohio State Wellness app is also a great resource available at go.osu.edu/wellnessapp.

Brief Description of Assignments

First Year Success Series Events

You will attend two events of your choice on issues important to student success. For each Success Series event, you will write a one-page reflection paper. Plan on completing the assignment early in the semester so that you will have plenty of time to take advantage of what you learn and because popular sessions fill up quickly. The First Year Experience (FYE) Web Address to sign up for the sessions is: <http://fye.osu.edu/>. Note that in order to earn credit for your participation in an FYE event, you must stay for the duration of the session.

Additional Event

For your third event, you will have the option of attending another Success Series event or selecting an approved alternative. Your instructor will provide you with a list of examples. For the third event, you will write a one-page reflection paper.

Carmen Readings/Quizzes

There are five Carmen readings: Academic Misconduct & Plagiarism; The General Education (GE) Requirements; Scheduling; Grades & Academic Standing; and Adding & Dropping Classes: Deadlines & Procedures. Each reading includes a five-point quiz. For each topic, you will be asked to read the assigned information and take the quiz. The assigned weekly Carmen readings correspond with the assigned readings on <https://go.osu.edu/ascadvising>.

Degree Audit Report (DARS) and Advising Report

For this assignment, print off a copy of your Degree Audit Report (DARS) and your Advising Report—important degree-planning tools—and submit them to the dropbox in Carmen. Go to buckeyelink.osu.edu, select the “Grades and Advising” tab, and click on “Degree Audit Report” and “Advising Report.” Follow the prompts.

Curriculum Plan

Using the Bachelor’s degree requirement worksheets, available on Carmen, you will map out the courses you plan to take to complete the GE, your major(s), and other degree requirements. As part of the assignment, you will meet with your advisor(s) to review GE, major, and degree requirements, and you will meet with your instructor/academic advisor to review your plan. Your instructor will provide you with instructions on setting up an appointment to meet with your instructor/academic advisor.

Schedule Projection

Using your curriculum plan as a guide, you will project your schedule for upcoming semesters. You will be required to complete at least the first four semesters of the plan. You will review your plan with your instructor/academic advisor. The Schedule Projection can be found on Carmen.

Instructor Presence

For more on instructor presence: <https://teaching.resources.osu.edu/teaching-topics/online-instructor-presence>

Students should have opportunities for regular and substantive academic interactions with the course instructor. Some ways to achieve this objective:

- Regular instructor communications with the class via announcements or weekly check-ins
- Instructional content, such as video, audio, or interactive lessons, that is visibly created or mediated by the instructor
- Regular participation in class discussion, such as in Carmen discussions or synchronous sessions
- Regular opportunities for students to receive personal instructor feedback on assignments

Please comment on this dimension of the proposed course (or select/explain methods above):

Students have the opportunity for regular, substantive academic interactions with the course instructor via synchronous course meetings and via instructor feedback on assignments.

Workload Estimation

For more information about calculating online instruction time: [ODEE Credit Hour Estimation](#)

Course credit hours align with estimated average weekly time to complete the course successfully. YES

Course includes direct (equivalent of "in-class") and indirect (equivalent of "out-of-class") instruction at a ratio of about 1:2. YES

Provide a brief outline of a typical course week, categorizing course activities and estimating the approximate time to complete them or participate:

1: Meet for 55 minutes, lecture/discussion; 2: Read degree planning information online; 3: Take online quiz

In the case of course delivery change requests, the course demonstrates comparable rigor in meeting course learning outcomes. YES

Accessibility

For more information or a further conversation, contact the [accessibility coordinator](#) for the College of Arts and Sciences. For tools and training on accessibility: [Digital Accessibility Services](#)

Instructor(s) teaching the course will have taken Digital Accessibility training (starting in 2022) and will ensure all course materials and activities meet requirements for diverse learners, including alternate means of accessing course materials when appropriate. YES

Academic integrity and Plaiigiarism statements cover all assignments.

Frequent, Varied Assignments/Assessments

For more information: <https://teaching.resources.osu.edu/teaching-topics/designing-assessments-student>

Student success in online courses is maximized when there are frequent, varied learning activities. Possible approaches:

- Opportunities for students to receive course information through a variety of different sources, including indirect sources, such as textbooks and lectures, and direct sources, such as scholarly resources and field observation
- Variety of assignment formats to provide students with multiple means of demonstrating learning
- Opportunities for students to apply course knowledge and skills to authentic, real-world tasks in assignments

Comment briefly on the frequency and variety of assignment types and assessment approaches used in this course (or select methods above):

Sources include lectures and readings (indirect) and a reading on "the educated person" (direct). Assignments vary by format, e.g. discussions, degree plans, schedule projections, and event reflections. The degree plan itself is an exercise in provision for the future.

Community Building

For more information: <https://teaching.resources.osu.edu/teaching-topics/student-interaction-online>

Students engage more fully in courses when they have an opportunity to interact with their peers and feel they are part of a community of learners. Possible approaches:

- Opportunities for students to interact academically with classmates through regular class discussion or group assignments
- Opportunities for students to interact socially with classmates, such as through video conference sessions or a course Q&A forum
- Attention is paid to other ways to minimize transactional distance (psychological and communicative gaps between students and their peers, instructor, course content, and institution)

Please comment on this dimension of the proposed course (or select methods above):

Students have the requirement to meet each week, during class time, online, and engage with peers and the instructor.

Transparency and Metacognitive Explanations

For more information: <https://teaching.resources.osu.edu/teaching-topics/supporting-student-learning-your>

Students have successful, meaningful experiences when they understand how the components of a course connect together, when they have guidance on how to study, and when they are encouraged to take ownership of their learning. Possible approaches:

- Instructor explanations about the learning goals and overall design or organization of the course
- Context or rationale to explain the purpose and relevance of major tasks and assignments
- Guidance or resources for ancillary skills necessary to complete assignments, such as conducting library research or using technology tools
- Opportunities for students to take ownership or leadership in their learning, such as by choosing topics of interest for an assignment or leading a group discussion or meeting
- Opportunities for students to reflect on their learning process, including their goals, study strategies, and progress
- Opportunities for students to provide feedback on the course

Please comment on this dimension of the proposed course (or select methods above):

Starting with a reading and discussion on the educated person (providing course context), the instructor will help students build an understanding of the general education curriculum—that is, the program proscribed by the faculty—as well as college and major requirements in order to complete a schedule projection and degree plan. Students have the opportunity to provide feedback through a custom survey administered by the unit.
