---

Good afternoon,

On Friday, February 11<sup>th</sup>, the Themes Panel of the ASC Curriculum Committee reviewed a new GE Theme: Citizenship for a Diverse and Just World proposal for EDUTL 5005. Please see the Panel's feedback email below:

Education: Teaching and Learning 5005 was unanimously voted to not be approved for the GE Theme: Citizenship for a Diverse and Just World. Please see the Panel's feedback:

- The reviewing faculty thank the department for their attempt to address the concerns sent in previous feedback. Upon doing another evaluation of the proposal, they have determined that the course does not appear to be a fit for the new GE Theme: Citizenship for a Diverse and Just World. They are unable to see how the idea of Citizenship can be engaged within the course without drastically altering the course. They thank the department, and the course proposer, for the time spent developing the proposal.

I will return EDUTL 5005 to the departmental queue to allow you to cancel the request.

Should you have any questions, please do not hesitate to reach out to Jim Fredal, faculty Chair of the Themes Panel, Jeff Cohen, faculty Chair of the Theme Advisory Group: Citizenship for a Diverse and Just World, or myself.

Best,  
Michael
