Good evening!

On Monday, March 28th, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed the course proposal for EEOB/History/Earth Sci 2911

The Panel unanimously approved the request with *one recommendation* and two comments:

1. *Recommendation:* The Panel asks that the department use the most up-to-date version of the university's Title IX statement (syllabus pg. 7 under "Statement on Sexual Misconduct/Relationship Violence) which can be found here: <https://ascas.osu.edu/curriculum/syllabus-elements>
2. Comment: The Panel concurs with the departments' recommendation that this course *not* be considered an upper-division course, and they will recommend that the full ASCC grant this exception to the current rule.
3. Comment: In light of the statement below (from pg. 1 of the "Response to Natural and Mathematical Sciences Panel of the ASC Curriculum Committee..."), the Panel kindly reminds the School of Earth Sciences that college-level rules allow the use of 2000 level courses in majors (BS or BA), regardless of their status as upper- or lower-division. As a result, the School of Earth Sciences is welcome to use ES 2911 as a part of the major should the faculty desire to do so.

"As a result of the exemption, since EARTHSC 2911 is not to be considered an upper division course, it was removed from the curriculum map for the BS Program in Earth Sciences in the revised proposal"

EEOB/History/Earth Sci 2911 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Wendy Panero (faculty Chair of the NMS Panel; cc'd on this e-mail), or me.

Best,
Rachel

I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the university resides on land ceded in the 1795 Treaty of Greenville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.
