Good evening,

On Thursday, February 3, the Assessment Panel of the ASC Curriculum Committee reviewed the course proposal for Animal Sciences 2367. Please find below the Panel's feedback for the course.

The Panel did not vote on the proposal as they would like the following points addressed:

- The Panel was unclear on how to account for contact hours in the 14-week vs. the 6-week course model. As a reminder, a 14-week course should have 3 hours of direct instruction and 6 hours of out-of-class instruction per week; the 6-week model should be scaled accordingly.

I will return Animal Sciences 2367 to the department queue via curriculum.osu.edu in order to address the Panel's requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Pok-Sang Lam (faculty Chair of the Assessment Panel; cc'd on this e-mail) or me.

Best,
Emily
