Good morning,

On Thursday, June 9th, the Themes Panel of the ASC Curriculum Committee reviewed a new GE Theme request for Biology 2105. Please see below for the Panel's feedback.

Biology 2105 was unanimously approved with one contingency and one recommendation. As a reminder, the Panel's contingency must be satisfied in a revision to curriculum.osu.edu while the Panel's recommendation may be implemented when the course is next taught.

- **Contingency:** The Panel requests that Theme-specific ELO 3.2 be updated in the course syllabus (on page 3), as it recently was modified. The GE Goals and ELOs can be found on the Office of Academic Affairs website at: <https://oaa.osu.edu/ohio-state-ge-program>.
- **Recommendation:** The reviewing faculty recommend correcting the point totals on page 5 of the syllabus, under the Health Plan subsection in the chart; the points there currently add up to 250 and not 210.

I will return Biology 2105 to the departmental queue via curriculum.osu.edu in order to address the Panel's feedback.

Should you have any questions, please do not hesitate to reach out to Jim Fredal, faculty Chair of the ASCC Themes Panel, Eden Lin or Megan Amaya, faculty co-Chairs of the Theme Advisory Group: Health and Well-being, or myself.

My best,
Michael
