Good morning,

On Friday, February 25<sup>th</sup>, the Themes Panel of the ASC Curriculum Committee reviewed a new GE Theme Lived Environments and GE Theme Sustainability proposal for Anthropology 3623. Please see below for the Panel's feedback:

Anthropology 3623 was approved for GE Theme: Lived Environments with one recommendation and GE Theme: Sustainability with one recommendation. As a reminder, the Panel's recommendations do not need to be addressed at this time to continue through the approval process and can be implemented when the course is next taught.

- GE Theme: Lived Environments
  - **Recommendation:** The reviewing faculty recommend removing the 2202 prereq as they worry this could limit enrollments.
- GE Theme: Sustainability
  - **Recommendation:** The reviewing faculty recommend adding language that link the assignments and theme more specifically to help bridge the connection between the course assignments and the GE Theme: Sustainability category.

Anthropology 3623 will continue through the approval process.

Should you have any questions, please do not hesitate to reach out to Jim Fredal, faculty Chair of the Themes Panel, Liz Griffith, faculty Chair of the Theme Advisory Group: Lived Environments, Maria Conroy, faculty Chair of the Theme Advisory Group: Sustainability, or myself.

Best,  
Michael
