Good morning,

On Friday, February 25th, the Themes Panel of the ASC Curriculum Committee reviewed a new GE Theme: Sustainability proposal for HCS 2204. Please see below for the Panel's feedback:

HCS 2204 was approved with two contingencies, one recommendation and one comment. As a reminder, the Panel's contingencies must be satisfied in a revision in order to continue through the approval process while the Panel's recommendations can be implemented when the course is next taught.

- **Comment:** The reviewing faculty were very supportive of this course and its inclusion within the GE Theme: Sustainability.
- **Contingency:** The reviewing faculty request more detail on how the GE Theme ELOs are being met and, specifically, how the course assignments are being used to meet the GE ELOs.
- **Contingency:** The reviewing faculty request that a cover letter be provided that details all changes made to the proposal in response to the reviewing faculty's feedback and requests.
- **Recommendations:** The reviewing faculty recommend that the listed course topics better reflect sustainability content that is within the course schedule but not included in the course topic list.

I will return HCS 2204 to the departmental queue via curriculum.osu.edu in order to address the Panel's feedback.

Should you have any questions, please do not hesitate to reach out to Jim Fredal, faculty Chair of the Themes Panel, Maria Conroy, faculty Chair of the Theme Advisory Group: Sustainability, or myself.

Best,
Michael

Michael Hilty
