

## Term Information

Effective Term

Spring 2023

## Course Change Information

### **What change is being proposed? (If more than one, what changes are being proposed?)**

We would like to remove the requirement for Anthropology 2200 and 2202 as prerequisites. Anthropology 3302 was approved by the Health and Well-Being panel, but subsequent to approval, we were asked to remove prerequisites. This change is for removing those prerequisites.

### **What is the rationale for the proposed change(s)?**

These courses are not actually necessary, but we do recommend that they be taken prior to taking Anthropology 3302.

### **What are the programmatic implications of the proposed change(s)?**

(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?

This course, as a result of this change, should be more accessible to students pursuing the Health and Well-Being theme.

**Is approval of the request contingent upon the approval of other course or curricular program request?** No

**Is this a request to withdraw the course?** No

## General Information

Course Bulletin Listing/Subject Area	Anthropology
Fiscal Unit/Academic Org	Anthropology - D0711
College/Academic Group	Arts and Sciences
Level/Career	Undergraduate
Course Number/Catalog	3302
