Good morning,

On Tuesday, September 13th, the Themes 2 Panel of the ASC Curriculum Committee reviewed a GEN Theme: Health and Wellbeing proposal for Health and Wellness 2102.

I am pleased to report that the Panel unanimously approved the request with two recommendations:

- **Recommendation:** The reviewing faculty recommend providing additional background within the course on how structural/societal forces may have an impact on an individual's health and wellbeing.
- **Recommendation:** The reviewing faculty recommend, on pages 9 and 10 of the course syllabus, checking the total points as they appear to add up to 950 and not 900 as stated.

Health and Wellness 2102 will continue through the approval process.

Should you have any questions, please do not hesitate to reach out to Bill Putikka, faculty Chair of the Themes 2 Panel, Eden Lin, faculty Chair of the Theme Advisory Group: Health and Wellbeing, or me.

All my best,
Michael
