Nancy:

The proposal from the Department of Geography to revise the Geography major leading to the Bachelor of Arts degree – including the merger of two current subplans into one named Social and Environmental Geography - was approved by the Council on Academic Affairs at its meeting on June 7, 2022. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (July 2022).

The Office of the University Registrar will contact you if there are any implementation issues.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor Maria Coyle (coyle.167@osu.edu), or me.
