Good afternoon,

On May 3rd and May 9th (respectively), the Social and Behavioral Sciences and Race, Ethnicity and Gender Diversity Panels of the ASC Curriculum Committee reviewed the course proposal for Anthropology 2210.

The SBS Panel unanimously approved the request with **three contingencies** and *one recommendation*:

- **Please ensure that page numbers (as well as links to articles, where applicable) accompany each reading assignment in the course schedule.**
- **On page 3, the Panel asks that instructor confirm the point values of the three graded items listed are consistent throughout the document; also, on the bottom of same page, please complete the grading scale ranges beyond a mark of B-.**
- **The Panel requests that the instructor revise the syllabus to incorporate descriptions of each assignment — which should include individual academic integrity statements as well as designate whether students should complete an assignment on their own or as part of a group.**
- *The Panel recommends removing any reference to an “OSU standard grading scheme,” as Ohio State does not have a standardized grading scheme.*

The REGD Panel unanimously approved the request with two comments:

1. Comment: The Panel commends the department for creating an outstanding course that deals with REGD issue through the lens of the biological sciences. They hope that the department will consider allowing this course to be posted as an exemplar once the contingencies of the Social and Behavior Sciences Panel have been met.
2. Comment: The Panel concurs with the contingencies and recommendations of the Social and Behavioral Sciences Panel.

I will return Anthropology 2210 to the department queue via curriculum.osu.edu in order to address the Panel’s requests.

Should you have any questions about the feedback of the Panel, please feel free to contact Mat Coleman, Richard Fletcher (faculty Chairs of the SBS and REGD Panels [respectively]; cc’d on this e-mail), or me.

Best,
Rachel

I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the university resides on land ceded in the 1795 Treaty of Greenville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.
