Good afternoon,

On Thursday, June 23rd, the Themes Panel of the ASC Curriculum Committee reviewed a new GE Theme: Lived Environments request for Geography 3800. Please see below for the Panel's feedback.

Geography 3800 was unanimously approved with three contingencies:

- **Contingency:** The reviewing faculty kindly request that all the GE Theme: Lived Environment Goals and ELOs be added to the course syllabus (and can be found on the Office of Academic Affairs website here: <https://oaa.osu.edu/ohio-state-ge-program>), as this is a requirement of all GE Theme courses.
- **Contingency:** The reviewing faculty ask that more information and an explanation be provided in the course syllabus regarding how the course readings help contribute to this course being an advanced study of the GE Theme: Lived Environments. Additionally, they would also like to see bibliographic material on the course readings.
 - While they recognize and thank the course proposer for the readings listed in the current course calendar, they are requesting more information on the readings to help evaluate whether this course will be an advanced study of the GE Theme: Lived Environments.
- **Contingency:** The reviewing faculty request that a cover letter be provided that details all changes made in response to the above feedback.

I will return Geography 3800 to the departmental queue via curriculum.osu.edu in order to address the Panel's feedback.

Should you have any questions, please do not hesitate to reach out to Jim Fredal, faculty Chair of the Themes Panel, Liz Griffith, faculty Chair of the Theme Advisory Group: Lived Environments, or me.

My best,
Michael
