---

Good morning,

On Thursday, July 28<sup>th</sup>, the Themes Panel of the ASC Curriculum Committee reviewed a new GE Theme: Sustainability request for City and Regional Planning 3210. Please see below for the Panel's feedback.

The Panel unanimously approved the request with one contingency and three recommendations:

- **Contingency:** The reviewing faculty ask that ELO 1.2 be added to the course syllabus, as it appears to have been accidentally deleted. Please see the ASC Curriculum and Assessment Services website for a complete list of GE Goals and ELOs: <https://ascas.osu.edu/new-general-education-gen-goals-and-elos>.
- **Recommendation:** The reviewing faculty recommend adding a section on water use as a potential topic, as the demand for the resource becomes more critical.
- **Recommendation:** The reviewing faculty recommend changing the language on the course attendance policy, as a course instructor is unable to assign the grade of "EN" or drop a student from a course after missing four or more class sessions. Instructors, of course, may give a student a grade of "E" if they miss more than four sessions.
- **Recommendation:** The reviewing faculty recommend clarifying which students qualify for Knowlton Student Services, as this course will be open to all students, in all colleges and majors, as a part of the General Education program.

I will return City and Regional Planning 3210 to the departmental queue via curriculum.osu.edu in order to address the Panel's feedback.

Should you have any questions regarding this feedback, please do not hesitate to contact Jim Fredal, faculty Chair of the ASCC Themes Panel, Maria Conroy, faculty Chair of the Theme Advisory Group: Sustainability, or myself.

All my best,  
Michael

**Michael Hilty**
