Good afternoon,

On Tuesday, November 22nd, the Themes 2 Panel of the ASC Curriculum Committee reviewed a new GEN Theme: Sustainability proposal for Plant Pathology 4321.

I am pleased to report that the Panel unanimously approved the request.

Plant Pathology 4321 will continue through the approval process. My office will advance the course to the Office of Academic Affairs.

Should you have any questions, please do not hesitate to reach out to Maria Conroy, faculty Chair of the Theme Advisory Group: Sustainability, Bill Putikka, faculty Chair of the ASCC Themes 2 Panel, or me.

All my best,
Michael
