1. Provide the rationale for proposing this course:

This course fills a gap in the curriculum. 2. List Major/Minor affected by the creation of this new course. Attach revisions of all affected programs. This course is (check one) Required Elective Other (Explain)

The linguistics major/minor programs are not affected by the addition of this course.

3. Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course.

This course fills a gap in the curriculum, described above in 1. (An honors version of the course is being developed concurrently. The Honors version has been funded for two years by the Honors and Scholars program and the departments have consented to continue offering after the two year period.)
